Dear Mr. Huddle.

This letter is in response to your closure plan for the above referenced facility submitted to the Agency on February 28, 1984 and received on March 2, 1984.

Because of deficiencies in your closure plan which are enumerated hereafter the Agency is requesting that you supplement the information originally submitted with your closure plan within thirty (30) days of receipt of this letter. All references are to Subtitle G, 35 Ill Admin. Code, Part 725.

As the Part A for the above referenced facility includes all the property described by the facility drawing on page 5 of the application, all hazardous waste management operations that occurred on this property need to be addressed in the closure plan. From the information available, it appears that this would include at least the following:

1. DAF float storage tank T-202
2. DAF float belt filter feed tank T 1001
3. The belt filters
4. Container storage area(s)
5. Any spills or leaks that occurred on the property.

Documentation submitted to date is incomplete and does not satisfy the requirements of 725.211. The following deficiencies need to be addressed:

1. An estimate of the maximum inventory of wastes in storage and treatment at any time during the life of the facility  
725.212(a)(2).

EPA Region 5 Records Ctr.

291101

Page 2

2. A description of the steps needed to decontaminate facility equipment during closure [725.212(a)(3)] must include all tanks, pumps and piping; the belt filters, and containment structures [725.214] [725.297].
3. An estimate of the expected year of closure and a schedule for final closure. [725.212(a)(4)].
4. A description of how the known and probable past disposal areas will be closed in such a way to comply with [725.211(b)].
5. Please provide an outline of the closure cost estimate that indicates the costs of the individual closure activities and how these costs are derived. [725.242(a)]

The Agency does not deem this request for supplemental information to be a disapproval for administrative purposes under Subtitle G, Section 725.212(d). However, a failure to submit the information within 30 days of this letter may render your plan subject to disapproval.

Very truly yours,

  
Lawrence W. Eastep, P.E., Manager  
Permit Section  
Division of Land Pollution Control
